MEMORANDUM:

TO : Colonel Marcus, Director Recovered Personnel, AFWESPAC,
APO 707.

1. Reference is made to my Memorandum 24 January 1946 to the Director Recovered Personnel Division, AFWESPAC, attention being invited to the fifth paragraph of that Memorandum.

2. A few of the reports mentioned in that paragraph are attached. These reports are compiled from radios sent by the Japanese Government to Geneva for transmission to the Government concerned. We find in many instances that the names and the diagnosis given are not correct. Therefore Geneva is not receiving correct information. ATIS personnel on duty with this office are checking each one carefully and correcting all mistakes so you can be assured of true information.

3. In the future we will use a mimeograph for^{M's} entitled "Unreported Deaths of Allied Personnel". These will be submitted daily regardless of how few we have finished.

4. Also enclosed are twenty-five (25) copies of the Shanghai Death List.
