FROM: Japanese Government POW Information Bureau.

SUBJECT: INQUIRY CONCERNING HANDLING OF MONETARY EFFECTS OF FORMER PRISONERS OF WAR AND MILITARY INTERNEES.

1. We have the honour to make an inquiry to you concerning the handling of Monetary Effects of deceased Allied Prisoners of War and Military Internees which are at present in the custody of the Japanese Government Prisoners of War Information Bureau.
2. During the period of this War, Prisoners of War Camps and Military Internees Camps which were established in various places in Japan Proper and over-seas remitted such Monetary Effects of the deceased Prisoners of War and Military Internees who had been interned at those camps to the Japanese Government Prisoners of War Information Bureau in compliance with the Japanese Government's regulations.
3. The sum of the remittance amounted to approximately ¥ 1,380,000, which is in the custody of Japanese Government Prisoners of War Information Bureau, in accordance with the Japanese Government's Regulations.
4. As we wish to pay the Monetary Effects to the respective families of the Deceased, we are now investigating the method of delivery of the money, (i. e. to whom and on what date the money should be delivered).

5. In remitting the monetary effects, due to the fact that there are some problems concerning the rate of foreign exchange, and that among them also there are some whose names and nationalities are still unknown, we cordially request your kind instructions as to the method of delivery which will provide the name of the recipient for the whole amount of the monetary effects as a representative for all the families of the deceased, and the approximate date on which the delivery of the money should be made.

6. The contents of the monetary effects are shown as follows :

Contents:

1. The period during which monetary effects were handled;
from March 1943 to Sept., 1946.

2. The total amount of the monetary effects;

¥ 1,381,500, $\frac{71}{100}$

3. Method of custody of the monetary effects by the POW

Information Bureau:

The whole amount of the monetary effects has been deposited in the Deposit Bureau of the Treasury Department (located at the Bank of Japan) as cash which does not belong to annual revenue and expenditure.

4. Note: This Bureau is prepared to deliver the money promptly upon request.

(say one million three hundred and eighty-one thousand five hundred yen and seventy-one sen)

(Re: The above mentioned persons are all deceased excepting about seven (7) survivors; as for the number of other possible survivors we are now investigating it.)

1. The monetary effects mentioned above were actually remitted in cash by each POW Camp to POW Information Bureau, where the effects have been duly held in custody until the present time.
2. Besides those monetary effects, there are such monetary effects that POW Information Bureau has never actually recieved except the letters of advice on those remittances from each POW Camp.
3. It is considered that each POW Camp having handled the latter as monetary effects of POWs, took due steps to remit them, in cash, to POW Information Bureau, but the remittances were lost en route, due to ship disasters or to other incidents during World War II.

4. The sum of the latter cases amounted to approximately ¥ 47,000 $\frac{80}{100}$ in Japanese currency (say forty-seven thousand Yen).

5. Due to the fact that this Bureau did not actually receive the latter, we can not take direct responsibility for paying them. However, the Japanese Government is making preparations for making payments to the creditors, if such request is made.

The contents of the latter case are shown as follows: ———

Total of money: ¥ 47,216 $\frac{805}{1000}$ (in Japanese currency) .

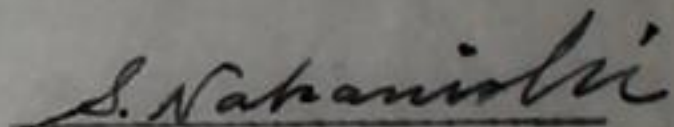

(say forty-seven thousand two hundred and sixteen Yen
and eighty Sen and five Rin)

P.S. I (1) In Feb., 1946, when we delivered up the personal effects and wills of POWs to 1st Lt. N.E. Churchill, A.G. GHQ, arrangements were made for delivery of the above monetary effects to him together with those personal effects and wills.

(2) But, on account of some circumstances involved in the said Allied party the delivery of this money was not carried out at that time, accordingly it has been postponed until now, having been elapsed two years since the termination of the World War II.

- (3) So far as we are concerned, being earnestly desirous of prompt delivery of the money, we hereby submit to you an inquiry concerning the matter.

- II (1) It is believed that the Allied Prisoners of War received the repayment of their Postal Savings, when they were released from every camp at the cessation of the war.
- (2) But, at some local organizations, the interest accounts of their postal savings have remained unpaid until now.
- (3) With respect to this matter your kind instruction, as to the method of delivery of the interest, is also expected by us, in cases where the above mentioned interest are remitted to us by local organizations in the future.
- (4) The interests which were remitted to us by the local organizations hitherto, have already been sent to each family of the POWs and POWs through the Japanese Central Liaison Office.

P.S. I (1)

In Feb. 1946, when we delivered up the personal effects and wills of POWs to 1st Lt. N.E. Churchill; A. G. GHQ, arrangements were made for delivery of the above monetary effects to him together with those personal effects and wills.

(2) But, on account of some circumstances involved in the said Allied party the delivery of this money was not carried out at that time, accordingly it has been postponed until now, having been elapsed two years since the termination of the World War II.

(3) So far as we are concerned, being earnestly desirous of prompt delivery of the money, we hereby submit to you an inquiry concerning the matter.

II

(1) It is believed that the Allied Prisoners of War received the repayment of their Postal Savings, when they were released from every camp at the cessation of the war.

(2) But, at some local organizations, the interest accounts of their postal savings have remained unpaid until now.

(3) With respect to this matter your kind instruction, as to the method of delivery of the interest, is also expected by us, in cases where the above mentioned interest are remitted to us by local organizations in the future.

(4) The interests which were remitted to us by the local organizations hitherto, have already been sent to each family of the POWs through the Japanese Central Liaison Office.
